# AIRSTAR. SIMPLY BRILLIANT.

## STRONG, RELIABLE & SAFE

- High wattage, 360° glare and shadow free light, evenly spread
- High colour rendering index
- Durable, lightweight, compact, easy to transport
- Water and wind resistant
- Built-in pressure sensor for auto switch-off
- High tech, non-flammable, UV resistant fabric
- CE certified and IP rated

## EASY TO USE

- Fast to set-up and pack away
- Self inflates quickly
- Easy to move, one person operation
- Connects to a standard power outlet or generator
- Tripod mountable
- Models to suit battery powered applications

## WIDE RANGE OF PRODUCTS

- Halogen lamps
- HTI (metal halide) lamps
- HMI lamps
- Stand alone or mounted on moving equipment
- Hot re-strike products
- Can retro fit to existing hydraulic light towers
- Models with multiple bulbs

# WORLD-WIDE USAGE

## SAFETY. SEARCH & RESCUE. EMERGENCY SERVICES. SURVEILLANCE.

Quick and easy to deploy at accidents or emergencies, glare & shadow free. The Airstar range has lit the way for safety and rescue operations in the harshest conditions including:

- Hurricane Katrina
- 9/11 Ground Zero
- L'Aquila and Haïti Earthquakes
- Concorde crash in France
- Base camps, temporary headquarters, evacuation areas, triage
- Fire, accidents, remote and rugged landscapes, alpine, underground

## ROADWORKS. RAIL. TRAFFIC MANAGEMENT.

Illuminate areas from 150m<sup>2</sup> to 10,000m<sup>2</sup> enhancing productivity and the visibility of crews.

- Glare free is safer for motorists, safer for crews
- Attach to vehicles, machinery or on tripods or lighting towers
- Use less equipment and manpower for set-up
- Easily moved from site-to-site
- Minimal footprint and space efficient

## CONSTRUCTION. MINING.

Achieve a daylight effect that is evenly spread and shadow free.

- Crews can see and be seen
- Range to suit variety of sites and applications
- Adapt to machinery and equipment
- Durable
- Signage and Branding on-site

## POLICE. MILITARY. FORENSICS. SECURITY.

The Airstar lighting balloons excel at crime scenes, traffic operations, military exercises and investigations.

- Compact container can be carried in a car
- Deploy, strike and store in minutes
- True colours and soft shadows facilitate better forensic examination, rescues, triage
- Easily positioned in uneven or rugged terrain and hostile conditions
- Improves the visibility and safety of personnel

# OUR WORLD-WIDE REFERENCES

Airstar Space Lighting world-wide have partnered with organisations at the forefront of Safety, Search and Rescue. Airstar is the leader and innovator in the field of balloon lighting and continues to develop new products with improved technical ability and efficiency. Across a variety of industries and applications, the Airstar Sirocco range is used on a daily basis to enhance productivity and safety.

We sell and hire throughout Australia and can assist with advice on utilisation, adaption, equipment and power options.
